During the 2024 spring review of the Strategic Plan, the Board identified Community Connections as a priority for the 2024-25 school year. The Board developed an action plan identifying strategies and indicators to guide their work for the 2024-25 school year.

The Community Connections action plan is included with this agenda item. It identifies some of the actions that have begun or have been completed. The updated action plan also highlights a few items the Board may want to consider for next steps.
