

SPRINGFIELD DENTAL CENTRE SMILE OF THE WEEK

Here we have Hank! He is four years old and loves going to Tiny Tots. He was cavity free and our cute smile of the week.

A common question asked by parents is, "Why do we need to fix baby teeth if they are going to fall out anyway?" There is a pattern of loss that baby teeth follow to ensure that adult teeth come in the most favourable position. If one or more baby teeth are lost too early, it can delay or dramatically affect the position of the adult teeth and braces are often needed to correct this.

If you know someone who should be our Smile of the Week, please call Lisa 204-444-4484

LOYAL to LOCAL

When you buy from a local business you are not helping a CEO buy a third home. You are helping a little girl from your neighbourhood get dance lessons, a little boy and his friends get their team jerseys, a mom or dad put food on the table, a family pay a mortgage, or a student pay for college.

Thank you for supporting local businesses.

LdB Fire Department visits Centennial

The Lac du Bonnet Fire Department came out to Centennial School recently to take students through their 'education trailer'.

The trailer is set up to look like a home, with some added bleachers in the front section to make a small classroom. The students started their experience by learning about fire

safety, including fire hazards, fire extinguishers and fire escape plans. They then had an opportunity to see firefighters in their gear. The experience ended with simulated smoke starting to fill the trailer so children had an opportunity to get low beneath the smoke, to feel doors for heat, and then to make their way to a window

escape route.

Centennial Principal Dave Ogren said it was a really good, hands-on learning experience.

"I expect that many parents were encouraged to sit down with their kids after this presentation to go over home escape plans," Ogren said. "It was powerful, engaging learning."

Biblio File

Pinawa Public Library

A Good Place is the latest installment to the Story Walk trail.

Story Walk

The library teamed up with Willow & Doe to bring an adventure only nature can provide in a book called *A Good Place*. We learned all about the good places that our bugs like to live, we built bug habitats, had face painting, played in the forest, hiked the trail, hunted for insects, and read the StoryWalk book! It was a great day.

Lego Club

May's Lego Club was out of this world. The children made many beautiful creations. Stop by and see what they built.

Survey

Pinawa Public Library patrons – help improve your library experience by filling out their short survey. Do you have suggestions, comments or ideas for new
