

Continuous Improvement Plan December 3, 2024

Each year school divisions in Manitoba must complete an Annual Report on Continuous Improvement. The report must be posted the school division website by October 31. The Sunrise School Division report was completed, submitted to MEECL and posted to the school division website by this date.

The K-12 Framework for Continuous Improvement provides the structure to align planning, monitoring and reporting on student achievement and well-being in Manitoba school divisions. It focuses on the priority areas of literacy and numeracy, and the achievement of students, non-Indigenous and Indigenous, across the English and French Immersion Programs in Sunrise.

Part of the reporting process is an in-person meeting with personnel from the Continuous Improvement Branch of MEECL. Sunrise's meeting will be on January 24, 2025.

More information on the K-12 Framework for Continuous Improvement and requirements for school division reporting can be found here:
